Introduction

The Canada Soccer Safe Sport Roster is a progressive package of programs, policies, and procedures designed to ensure that organizations that offer soccer programming in Canada create safe, fun, developmentally appropriate, inclusive, accessible, and welcoming experiences for all participants.

For amateur soccer organizations in Canada, the expansion of the Canada Soccer Youth Club Licensing Program as a requirement of membership has been implemented as a direct result of the unanimous adoption of the Canada Soccer Safe Sport Roster at the 2019 Annual Meeting of the Members.

Ahead of the start of the 2023 soccer season, all Clubs that offer youth soccer programming in a Canada Soccer Member Association Province and Territory are required to meet the minimum standards a Quality Soccer Provider (QSP) as defined by the Canada Soccer Youth Club Licensing Program. Within the Standards for Quality Soccer, is the Safe Sport Roster, which requires that coaches are trained and/or certified appropriately for the program(s) in which they coach.

On January 26, 2023, Canada Soccer [announced](#) the Canada Soccer Modified Safe Sport Roster, which introduced requirements for coaches coaching in the “Community” stream, commonly known in Ontario as “Recreational” or “House League” programs.

Coaches coaching in the “Community” stream must complete the following:

1. Criminal Record Check with Vulnerable Sector Screen
2. Canada Soccer Grassroots Coach Education – Coaching Soccer in Canada Module
3. Respect in Sport Activity Leader Program

This document will serve as a quick guide to help “Community” stream coaches meet these requirements.

The process for completing the Criminal Record Check will not be covered in this guide, as these vary from District to District. Please connect with your Club for instructions on how to complete this, and with your District Association for specific frequency requirements. To clarify: Canada Soccer recommends these be completed every three years, however, some Districts may have alternative criteria.
